

The Sixth Excellency of Anniversary **On 26th Sept'10**

The GVMC is committed to maintaining and promoting a state of art, class one medical facility providers in all disciplines, among the hospital industry in and around this area.

The strategic plan of the major effort, especially in the clinical aspect and industrial setting is concerned in relation to the matter and to create links of communication for clinical laboratory along with other diagnostic facilities in association with our respected physicians, medical consultants, as well as qualified professional on day to day need basis. Side by side, the prospective support within the frame work of medical ethics and integrity.

With the above in mind, we are encouraging the value added advantages, while be needed towards the success of high quality awareness and contribution to the delivery of an appropriate health oriented support and service the GVMC has prepared a set of guidelines for the proper management on day to day basis in connection with a systematic program also for the functional activities in which we are in the rating of 80% coverage and the bow of success, the remaining portion would be very important in achieving the decent result in future. Moreover, in nutshell, the forthcoming year is much more important to keep balance with the existing target.

However, the challenge is our **Soul and Body**, since the soul has arrived as guest neither eats nor speaks until truth comes. Happy at the thought of having been inspired by the feeling to do a simple good turn, we are in through progress and at dusk, we will be checking in every now and then thru our delightful gesture.

We trust and feel deeply that these are the bare bones of a distinguished service provider in and around ***HSR-layout, Koramangala, Sarjapur Road, Hosur Road***, and so on.

It is needless to mention that a methodical lay of preach is always welcomed in front of us, just not for the sake of our industry...it is with an aesthetic value of unconditional love of ***hymns***.... of our valued patient. After all the health mother '***Hygeia***' is always available with us, which is a part and parcel of our day to day association.

Rabin Chatterjee
General Manager
